Civil War Institute Began On Monday

James I. Robertson, Jr., Chairman of VPI's department of History and executive director of the U. S. Civil War Centennial Commission, is directing the study for the Civil War Institute, a 3 week seminar, which began at the Appomattox Intermediate School on Monday.

Robertson, seated on the table -- back view, and a group of approximately 25 teachers, other educators, and persons interested in history, are pictured above during an open discussion at one of the classes this week.

The Institute is the first on-site Civil War seminar to be conducted for graduate credits.

County Receives Safety Grant

RICHMOND - A $125 federal grant was awarded to Appomattox County for highway programs during the 1972-73 fiscal year.

The allocation, to be matched with local funds, is available under the U. S. Highway Safety Act of 1966 and administered by the Highway Safety Division of Virginia, according to Director John T. Hanna.

The grant will enable the Appomattox County Police Department to purchase equipment for accident investigation.

W. E. Jamerson Named CVPDC Vice Chairman

At the June 29th meeting of the Central Virginia Planning District Commission, W. E. "Bill" Jamerson of Appomattox was named Vice Chairman of the Board.

Other officers elected at this time were Gary M. Jennings of Amherst County, Chairman Joseph R. Johnson of Lynchburg, Secretary; W. L. Burton of Bedford County, Treasurer and Francis S. Kenny, Executive Director.

The new board of officers assumed their duties effective July 1st and all will serve for a one year term with the exception of the Executive Director.

Southern States Membership Day Held July 27

E. M. Covington of Pamplin, and John H. Goin of Route 2, Appomattox were elected to the local Advisory Board at the Southern States Annual Membership Day held at Coleman and Sons on July 27, 1972. Over 45 stockholder-members and their families attended the session.

John P. Alvis of Route 2, Concord was named chairman of the Advisory Board while E. M. Covington of Pamplin was picked as Secretary.

Elected to the local Southern States Farm Home Advisory Committee were Mrs. I. Watts Moore of Route 2, Concord and Mrs. W. C. Paulette of Route 1, Appomattox.

Mrs. William D. O'Brien of Route 3, Appomattox was chosen as chairman of the Farm Home Advisory Committee while Mrs. I. Watts Moore of Route 2, Concord was named Secretary.

Mr. E. M. Covington of Pamplin was chosen as a delegate to a District Election meeting to be held in Lynchburg this fall. Richard T. Nash of Route 1, Appomattox was chosen as an alternate.

There was also the election of a delegate and alternate to a District Election meeting to be held in Lynchburg this fall. Richard T. Nash of Route 1, Appomattox was chosen as an alternate.

There was also the election of a delegate and alternate to a District Election meeting to be held in Lynchburg this fall.

Teaching First Aid Classes

The Concord Rescue Squad began teaching American Red Cross classes, both standard and advances First Aid, on Tues., Aug. 1, 1972, at the Concord Fire Department Building at 7:00 p.m.

Instructors for the classes are Helen Gaulden and Reggie Spradlin.

Bloodmobile August 22nd

On Tuesday, August 22, the Red Cross Bloodmobile will be in Appomattox from 12 noon until 6:00 p.m. at Liberty Baptist Church.

Ninety-five units of blood are needed to meet the quota for the first visit of the fiscal year 1972-73, according to the Co-Chairman, Mr. Lucy Harvey and Mrs. Ruby Ferguson.

The Co-Chairmen would also like to remind you that 18 year olds can now donate blood without parental consent.

There is a definite shortage of blood in the blood bank due to the decrease in donors and the increase in victims of accidents and serious illnesses. Plan now to come out and donate a unit of your blood to help replenish the blood bank and to help Appomattox County reach its quota.

Food, Cars Rank High In Local Spending

Costumes Of 200 Years Ago Mark Anniversary At Rocks

On Sunday, July 30, 1972, when Rocks Baptist Church celebrated its 200th Anniversary, the costumes of some of the men and women were in keeping with the dress of some 200 years ago, as is evident in the above photo.

Approximately 400 members, past members and friends were on hand for the all-day services along with several of the former pastors and the Rev. W. H. Elder, present pastor of Rocks Baptist Church.

Most Families Enjoying Larger Incomes

How much are Appomattox County families spending per year? Where are they spending it and for what?

According to figures just released, consumer outlays in local retail stores -- for food, clothing, furniture, cars and other commodities -- were at a higher level during the past year than had been expected.

Most local families, enjoying bigger incomes than in other years, were in a position to spend more freely and they did so, but somewhat cautiously.

With the war still going on and with inflation and unemployment disturbing factors in the national economy, they chose to limit their expenditures, putting the excess into saving.

All in all, however, local merchants had a good year, compared with 1970.

The facts and figures, showing how the consumer dollar was distributed locally, are contained in a new market study made by the Standard Rate and Data Service. It gives comparable data for every section of the country.

In Appomattox County, it shows, a large part of the dollar went to stores selling food and automotive equipment. Between them they garnered 41 percent of all retail business in the area.

The breakdown reveals that food sales alone, in bakeries, butcher shops, supermarkets, grocery stores and such amounted to $1,617,000, compared with the previous year's $1,423,000.

This was solely for food bought for home consumption. It does not include money spent in restaurants and in other eating and drinking places.

Business was good, also, in the automotive field, where sales of cars, motorcycles and related products added up to $3,528,000. The 1970 total was $2,790,000.

Department stores and variety shops selling general merchandise grossed $924,000, as against the prior year's $814,000.

Drug store sales in the year amounted to $703,000. This compares with $619,000 the year before.

The receipts in stores selling furniture and other home furnishing came to $772,000. The former total was $623,000.

Labor Survey Set For August 11th and 12th

Announcement was made Tuesday morning by James A. Smith, President of the Appomattox County Development Corporation, that a labor survey has been set for Friday and Saturday, Aug. 11th and Aug. 12th, to be conducted in the cafeteria at the Appomattox Intermediate School.

On Fri., Aug. 11, the survey will begin at 9 a.m. and will continue until 9 p.m. and on Saturday, the 12th of August, the survey will begin at 9 a.m. and continue until 5 p.m.

In order to have a favorable labor survey to provide Thomasville Furniture Industries with necessary information for them to build an industry in Appomattox, we urge all persons in Appomattox County and in surrounding counties to please come in and sign up. This is not asking that you fill out a formal work application, but asking you to indicate that you would be interested in work with Thomasville Furniture Industries in future employment. We realize that this is in the future, possibly one and one-half or two years before the industry would be completed, but we can not stress how extremely important it will be to have a favorable Labor Survey. Volunteers will be on hand to help you fill out the necessary forms and it will only take about five minutes of your time.

If you feel that within two years you might be interested in this type of employment, please sign up on August the 11th or the 12th, don't wait until the industry is completed and then indicate when it might be too late.

Smith stated that he could not at this time give any indication of hourly wage rates, fringe-benefits, or the exact time that employment would begin, however, personnel representatives from Thomasville Furniture Industries will be present for the 2-day survey and more information will be available at that time. The Director of the Virginia Employment Commission will also have personnel here for the labor survey.

Approximately forty to fifty volunteers are needed to work four hour shifts helping with this survey. At this time about 30 more volunteers are needed. If you can give four hours of your time for this project -- which will be so vital to our County, please call 352-8244 and offer your assistance.

Time Set For Physicals For Football Players

All Varsity and JayVee football players will be given their physical examinations, free of charge, at 4:30 p.m. on Tuesday August 8th at the Appomattox County High School Gym, according to an announcement from Coach Jerry Robinson.

All boys who plan to participate in football must be present for the examination or they will be required to see their family doctor at a later date.

Pork Producers Met July 27th

The Board of Directors of the Piedmont Pork Producers Association met on Thurs., July 27, at 7:30 p.m. for a dinner-business session at Jeanne's Restaurant.

Directors of the eight counties of Buckingham, Amelia, Charlotte, Lunenburg, Prince Edward, Cumberland, Fluvanna, and Appomattox were present with Earl T. Pickett and John L. Wilson representing the local association.

The main topic of discussion centered around means by which the organization might better promote pork and pork products in area restaurants. Several ideas on the general idea of "Pick Pork" were presented for consideration to board members. Further development of those ideas will be continued at the next meeting to be held at Sprouse's Corner on August 17.

It was also decided to sponsor a picnic for the board members and their families on Sept. 21 at the Southside Co-op. Pavilion in Crewe.

Public Hearing Set For Aug. 9

A public hearing to discuss the design features of a proposed improvement project on VA 47 at Pamplin City in Appomattox County will be held at 7 p.m., Wednesday (August 9) in the Pamplin Elementary School Cafeteria.

The location of the project was discussed at a public hearing in April, 1970 and was subsequently approved by the State Highway Commission.

The existing road is 20 feet in width and in poor condition. The proposed project, if approved, would result in the general rebuilding and widening of the road for 0.3 of a mile. It would be widened to 36 feet of pavement with curb and gutter on both sides and a five-foot sidewalk on one side. A 25-mile speed limit would be designated through this commercial and residential area.

The approved location extends from just south of VA 47's intersection with T-1101 northward along the existing roadway.

It overlaps T-600 to near the intersection with T-1104, then turns northeastward, intersecting T-1102 and crossing the Norfolk and Western Railway tracks through a new underpass, coming to its termination at a new intersection with US 460 (Business).

This will accomplish the primary purpose of the proposed project -- to eliminate two existing railroad crossings in the town, both unsatisfactory and generally time - consuming for motorists.

Citizens desiring more information regarding the proposed project prior to the public hearing may review and copy maps, drawings, and environmental impact statement and other related material at the Department of Highways residency office on Ferguson Street (Secondary 1003) just east of the Norfolk and Western overpass in Appomattox, or at the district office on US 501 just south of the corporate limits of Lynchburg.

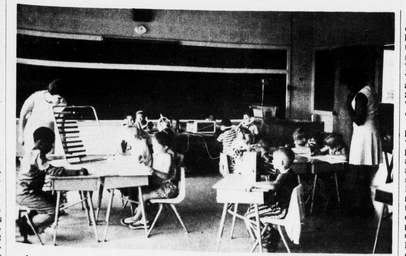
Summer School Program Ended July 27th



In the study scene above, taken on the closing day of the Summer School Program at the Appomattox Primary School, Thursday the 27th of July, Mrs. Virginia Bondurant (on the left) watches as a group of students work with Arithmetic manipulatives, materials. In the center of the photo, you can see the "listening center" which hooks up to television, record players or tape recorders. Most of the educational tapes are made by the teachers but a few of them are purchased. In the center front, a student is using the individual viewer that uses film strips, while Mrs. Virginia Goode, Teacher of this class, on the right, watches as students busily work in their workbooks.

Mrs. Jean Hesson, Principal of the school, explained that with this program individual evaluation is an important factor. The non-graded approach to instruction includes introducing new materials as a child's developing skill so indicates.

Fiscal year 1972 was the seventh year in which federal funds have been provided to Appomattox County schools to meet the special needs of individuals. The Summer School Project, which ended on Thurs., July 27, at the Appomattox Primary School, was one phase of the Total Title I program in the county.

The pre-school program was primarily one of orientation. It was structured so as to provide physical, social, aesthetic, and academic facets which will enable the beginner to have a more successful entry into school. For the child who needs readiness development and growth in the use of language, there were experiences which were unpressured by emphasis on academic skills. The rooms were living laboratories in which he could explore his surroundings, manipulate materials of all sorts and discover ways of living with others in a satisfying manner. For the students who needed less emphasis on readiness, the program was planned so as to allow them to move forward from whatever level on which they were found to be. This was determined from the testing which was administered

Plans Set For Golf Tournament

The Annual Membership Golf Tournament at the Falling River Country Club will be played Sept. 2,3, and 4th, the tournament will be based on 54 holes of play with 18 holes being played each of the 3 days.

The Golf Activity Committee of the FRCC is pleased to make this announcement regarding the annual "Labor Day" week end tournament. The tournament register is posted at the golf course and all members desiring to participate are urged to register early. The final date for registration will be Sun., Aug. 27.

This year, refreshments will be served to the participants and to help offset the cost of this, a $3.00 entrance fee will be charged.

The number of flights, starting times, and other information will be posted as they are established.

4-H Team Loses By 10 Points In 6th Try

The Appomattox Community 4-H Seniors appearing on Klassroom Kwiz for their sixth consecutive time, lost by only 10 points on Monday night, when they were challenged by a team of Senior 4-H members from Floyd.

The Appomattox team, Mike Belter, Al Johnson (replacing Mary Louise Parris who was vacationing and David Jones, ended with a score of 140 while the group from Floyd scored 150 points. Appomattox was leading in the second round of questions when George Bassett the Quiz-Master declared an answer from the Floyd team incorrect, then he had to ask for a ruling on the answer and at the end of the program it was ruled correct, thus putting the Floyd 4-H'ers 10 points ahead.

Our team came close to going all the way to being retired as "Champions", but we are poud to say that in losing our team showed the same dignity that they had displayed when they were winning. To all of us in Appomattox, they are truly a Championship team.
